Dental Care that Dogs and Cats Drink™

100% natural, patented healthymouth™, the first dental water additive awarded VOHC® Seal of Acceptance for plaque control; a synergistic blend of enzymes, anti-oxidants and antibacterials in a highly palatable formula clinically proven to reduce plaque by > 71% without chemical agents.

Features:

- The first and only dental water additive to receive the VOHC® Seal of Acceptance for plaque control in dogs and cats.
- Proven effective in 2 independent clinical trials under the supervision of Dr. W. Jean Dodds, reducing plaque by an unprecedented 71.9% and 76.7% without artificial enhancements.
- Clinical finding that any remaining plaque in the mouth is significantly softened so that it wipes away easily. When used in conjunction with healthymouth, toothbrushing will be easier and you will get better results from chew bones and dental diets.
- Only the highest grade used for every ingredient; even our salmon oil comes from Norway and is certified to be mercury free. Contains NO synthetic or artificial ingredients. No sugar, no sodium, no fat, no calories.
- Proven safe over a 3-year period on 4000 client owned dogs, 2000 client owned cats and more than 600 greyhounds.
- Delivered in convenient pre-dosed packets for YOU, the pet owner, to make home dental care an easy, positive experience for you and your pet.
- 100% refund policy if your pet is not satisfied with palatability.
- Recommended by leading Board Certified Veterinary Dentists.

Home Care Benefits:

- Extends the benefits and VALUE of professional dental cleaning.
